MOU Renewal

The DoD Memorandum of Understanding is valid for typically 5-years; at which time our Educational Institution partners must renew (resign) the agreement. In 2024, of the over 2500 partnerships, 75% of them expire in a 5-month period and over 90% in an 8-month period.

To help ensure that all MOUs are renewed in a timely manner, we have changed the renewal window to 180 days ahead of time and encourage all Institutions, with valid rates, to renew their MOU sooner rather than later. This will avoid the summer surge as well as streamline the process for most. Renewing the MOU can be done in three simple steps (assuming other information is current).
